

IMAGINE THE FUTURE!

Advancing Traffic Safety through Technology and Innovation

2019 ANNUAL MEETING August 24-28 | Anaheim, California

The traffic safety landscape is rapidly evolving, presenting both challenges and opportunities to reach zero traffic deaths. General Sessions will consider how states and their partners can harness the potential of technological advancements and engage innovative strategies to reduce crash injuries and fatalities. Breakout workshops will examine hot topics in safety, including law enforcement engagement, alcohol- and drug-impaired driving, bicyclist and pedestrian safety, and autonomous vehicles. Attendees will come away with concrete ideas to implement in their own work.

Registration

Opens in April. **Register online and save \$25!**
