# **The Six Steps to Officer Phlebotomy**

1

# The Law

---

Will the law support a law  
enforcement phlebotomy  
program?

2

# The Training

Where is your best training program?

**Certified**

**VS.**

**Qualified/Trained**

**Seated  
Safe &  
Secure**

# Refresher Training

# Cost of Equipment

**\$250-400**

3

# The Standards

---

Develop Standards specific to the  
law enforcement phlebotomist

A black leather shoe is positioned in the upper right, angled towards the left. Below it, a banana peel lies on a white surface, its curved shape suggesting a recent slip. A large blue circle is overlaid on the left side of the image, containing the number 4 and the title 'The Liability'.

4

# The Liability

Following the first 3 steps lowers the liability risk.

5

# The Hurdles

---

Prior Planning helps clear other potential hurdles.

6

# The Benefits

Benefits must outweigh the costs for the program to succeed

# **Red Light, Yellow Light, Green Light**

**What will stop you from implementing  
your action plan**

**Who's approval or buy-in do you need?**

**What can you do to immediately get started?**
